## PROFESSIONAL PROFILE

***Engineering leader*** *with 5+ years in fintech and online payments, combining people management with hands-on backend architecture. Experienced leading engineering teams through hiring, coaching and end-to-end delivery of critical payment infrastructure across cross-border payments, pricing, routing and fraud prevention. Champion of AI-first development and holder of a Master's degree in Artificial Intelligence.*

## WORK EXPERIENCE

**Software Tech Leader** *PuntoRed | Bogotá, Colombia | Nov 2025 - Present*

- *Lead the cross-border payments engineering team, owning hiring, onboarding, feedback, performance and career development.*
- *Own end-to-end delivery of the domain roadmap, partnering with Product and business stakeholders on scope, estimates and risk.*
- *Define the technical direction and architecture of the cross-border platform (orchestration, pricing, routing and provider integrations), reviewing designs and code to keep quality high.*
- *Established engineering standards for the domain, including PR reviews, technical debt management and production support.*
- *Drive AI-first development across the team, setting standards for AI-assisted coding, testing and code review with Claude Code and LLM tooling.*

**Specialist Software Engineer** *PayU | Bogotá, Colombia | Jul 2024 - Nov 2025*

- *Led a development team to unify pricing across the platform and designed the company's first event-driven service for post-transactional processing.*
- *Mentored junior and mid-level engineers through code reviews and technical guidance.*

**Senior Software Engineer** *PayU | Bogotá, Colombia | Jun 2022 - Jul 2024*

- *Delivered routing, retry-control and local payment method integrations that improved transaction approval rate by 20% and avoided around USD 20,000 in monthly penalties.*
- *Took part in PCI DSS audits and country-specific regulatory requirements for licensed payment operations.*

**Standard Software Engineer** *PayU | Bogotá, Colombia | Nov 2021 - Jun 2022*
**Junior Software Engineer** *PayU | Bogotá, Colombia | Mar 2021 - Nov 2021*

## EDUCATION

**Master's Degree in Artificial Intelligence** / *VIU* / *Valencia, Spain (Remote)* / *2025 - 2026*
**Software Engineer** / *Escuela Colombiana de Ingeniería Julio Garavito* / *Bogotá, Colombia* / *2015 - 2020*

## CERTIFICATES

**Manager Development Program (Leadership)** / *HR Evolution*
**AWS Certified Cloud Practitioner** / *Amazon Web Services (AWS)*
**Architecting on AWS** / *AWS Training and Certification*
**Scrum Master Professional Certificate (SMPC)** / *Certiprof*

## TECHNICAL SKILLS

*Leadership:* **Hiring & coaching | Performance management | Delivery & roadmap | Stakeholders | Agile**
*AI-First Engineering:* **Claude Code | AI-assisted coding, testing & code review | MCP**
*Backend:* **Java (8-21) | Spring Boot | TypeScript / NodeJs | Python | SQL**
*Architecture & Security:* **Microservices | Event-driven | REST APIs | Kafka | PCI DSS | OWASP**
*Cloud & Data:* **AWS | Kubernetes | Docker | PostgreSQL | MySQL | MongoDB | Redis**
*Languages:* **Spanish (Native) | English (Fluent)**
